The evolutionary interpretation of Common Good through the lens of Spiral Dynamics integral

Introduction (10 min.)

- Some definitions of Common Good
- Interaction with audience: hands-up for choosing the definition that most fits with own understanding
- Why different? Which is the right one? Does one definition prevail? It depends on perspective that is shaped by world view and value systems.
- Filmclip: our evolution in 2 minutes

Spiral Dynamics integral: a short introduction. (35 min.)

- Audio-visual presentation of the 8 levels of existence with core statements. In addition to text slides: 15 seconds music introducing each level to feel the special emotion and energy of the different value systems. Photos showing the characteristics of each level of existence.
- Repartition of value systems in the world
- Back to the definitions of Common Good: how will each level of existence interpret Common Good?
- Interactive part: short sharing with the neighbor 3 min. each about which main value system does prevail in my country, and what does it mean regarding Common Good?

Conclusion (5 min.)
